OBJECTIVE

Detail-oriented Frontend Developer with hands-on experience building responsive, user-focused web applications using **Angular and React**. Skilled in integrating REST APIs, Firebase services, and modern UI frameworks to deliver scalable and performant solutions. Passionate about clean code, collaboration, and continuous learning.

TECHNICAL SKILLS

- ***Languages:*** JavaScript, TypeScript, HTML5, CSS3.
- ***Frameworks/Libraries:*** Angular, React, RxJS, Redux.
- ***Styling:*** Bootstrap CSS, Tailwind CSS.
- ***DevOps & Toooling:*** Git, Github, GitHub Actions (CI/CD), Docker (basic), Vercel, Visual Studio Code.
- ***Backend & Services:*** Restful APIs, Firebase (Auth, Firestore)

WORK EXPERIENCE

- **Frontend Developer**
  The Mirror LLC – August, 2025 – till date.
  - Collaborated with a team of developers to maintain and enhance an existing Angular web application. Improved application performance by optimizing API calls.
  - Implemented new features and UI components using Angular, TypeScript, and TailwindCSS to improve user experience.
  - Worked closely with backend developers to integrate REST APIs and ensure seamless data flow.
- **Frontend Development Intern**
  FlexiSaf Edusoft Limited – September, 2025 – December, 2025.
  - Completed hands-on training in **HTML, CSS, JavaScript, and React**.
  - Built and deployed responsive web pages and small projects as part of the learning process.
  - Gained practical experience using Git/GitHub for version control and project collaboration.
  - Learned best practices for writing clean, maintainable frontend code.

PROJECTS

- **The Mirror Web Application (Mentorship Platform)**

Tech stack: Angular · Tailwind CSS · REST APIs

- Built a responsive mentoring web application using Angular and Tailwind CSS.
- Implemented mentorship workflows, dashboards, and API-driven authentication.
- Collaborated with designers and backend developers using Git/GitHub to deliver a scalable mentorship platform.

- **Online Shop (Personal e-commerce web app)**

  Tech stack: ReactJS · Tailwind CSS · Firebase (Auth, Firestore)

  - **Designed & implemented** a fully responsive single-page storefront using **React** and **Tailwind**, ensuring smooth UX across mobile and desktop.
  - **Integrated Firebase Authentication**, enabling secure user sign-up/login flows with email/password and Google OAuth.
  - **Built product catalog** with Firestore backend: supported dynamic product listing, search/filter functionality, and detail pages.
  - **Developed shopping cart & checkout flows**, storing cart state locally and persisting orders in Firestore with real-time updates.
  - **Collaborated using Git/GitHub**, managing branches for features and deploying via Vercel.
  - Implemented CI/CD pipelines and deployment workflows.

- **Task Master (Personal task-management web app)**

  Tech stack: AngularJS · Tailwind CSS · Firebase (Auth, Firestore/Realtime DB)

  - **Designed and developed** a responsive single-page application using **AngularJS** with modular controllers, services, and directives for dynamic task management.
  - **Styled with Tailwind CSS**, creating a clean, mobile-first UI featuring task lists, editable forms, modal dialogs, and visual status indicators.
  - **Integrated Firebase Authentication**, enabling secure user signup/login (email/password + Google OAuth) and protected user sessions.
  - **Built full CRUD functionality**: Enabled users to add, edit, complete, and delete tasks, with real-time syncing to Firestore for instant updates across sessions.
  - **Implemented robust data handling** using Angular services to communicate with Firebase, ensuring efficient binding and state updates.
  - **Optimized UX/performance**: Minimal CSS builds via Tailwind purge, and efficient list rendering.
  - **Managed code and deployment**: Used Git/GitHub for version control, and deployed a live demo via Vercel.

EDUCATION

- ***Bachelor of Education (Educational Management)***

  Tai Solarin University of Education, Ijagun, Ijebu-Ode, Ogun State.

  September, 2019 - November, 2023

CERTIFICATIONS

- **Frontend Development Internship Certificate** – FlexiSaf Edusoft Limited (2025)

ADDITIONAL INFORMATION

- **NYSC:** Completed (2024)
- **Language:** English
- **Interests:** Web development, open-source contributions
